Norangi—A Timeless Tradition of Herbal Beauty, Since 1875

For over 150 years, our Norangi has been redefining skincare by blending age-old herbal powers, to create modern science. Our journey began in 1875, inspired by nature's unmatched healing power, to create pure, effective, and transformative beauty solutions. Crafted with handpicked herbs, nutrient-rich oils, and potent natural extracts, each Norangi product is a reflection of our heritage, authenticity, and commitment to excellence. We believe in beauty that is safe, sustainable, and deeply rooted in nature —because timeless radiance begins with purity.
